We shall be entitled to submit to you an invoice on a monthly basis (or by reference to such other period as we may reasonably determine) based on those meter readings. We shall be entitled to submit to you an invoice based on our reasonable estimate of the electricity and/or gas consumed where a reading of any such meter is not available to us, and you agree to pay any such invoice. Where we issue an invoice based on an estimate of consumption, we shall make such adjustment as is appropriate (if any) on the basis of the next actual reading of the relevant meter(s).

7.3 You shall pay any invoice in full in such manner as is agreed in the Welcome Pack and/or Acceptance Form within 10 days of the date of the invoice. 8.1 At the end of each Fixed Term Period, we shall calculate your Actual Consumption during that Fixed Term Period. If your Actual Consumption during that Fixed Term Period is at least 10% less or 10% more than the Total Anticipated Consumption relating to that Fixed Term Period, we shall be entitled to impose Charges on you, and you agree to pay such Charges calculated on the basis of our Out of Contract Rates from time to time (which shall, for the avoidance of doubt, be in addition to the other Charges), for the difference between (i) the Actual Consumption during that Fixed Term Period, and (ii) the Total Anticipated Consumption relating to that Fixed Term Period. For the avoidance of doubt:

8.1.1 if (i) no Supply Point has been registered to us within 30 days of the Supply Start Date, or (ii) for reasons beyond our control, all of the Premises have not been Registered to us or any Supply Point has not been connected to the relevant electricity or gas distribution network within 30 days from the Supply Start Date then the provisions of this Term 8.1 shall apply and the calculation of Charges shall be calculated on the basis that the Actual Consumption shall be zero in respect of the relevant Supply Point(s) and/or Premises (as the case may be); and

8.1.2 if this Agreement (and, as a consequence, a Fixed Term Period) expires or is terminated early, the Total Anticipated Consumption shall be calculated on the basis that this Agreement had not expired or terminated early.

8.2 If this Agreement expires or is terminated for any reason, we shall be entitled to demand Charges from you pursuant to Term 8.1.

8.3 Where the final period of the Initial Fixed Term or any extension to the Fixed Term is not a complete year (other than as a consequence of this Agreement being terminated early), the Anticipated Consumption for that final period shall be adjusted on a pro-rata basis for the purposes of calculating the Total Anticipated Consumption.

8.4 If any of Terms 4.4.2, 4.4.3, 4.4.5 or 4.4.6 applies or we terminate this Agreement under Terms 4.2.2, 7.9, 7.11 or 14.3 or as a result of a material breach of this Agreement by you, then without prejudice to any other rights we may have (whether under this Agreement or otherwise), we shall be entitled to charge you a termination fee equal to one month's instalment of the payment plan set out in the Welcome Pack and/or Acceptance Form (as may be adjusted from time to time). For the avoidance of doubt, our rights under this Term 8.2 are in addition to, and do not replace or impose any limitation on, our rights under Terms 16.2 and 16.3

9 Metering

9.1 Upon request by us at any time and from time to time, you will provide us with true, complete and accurate details of the metering equipment and meter reading arrangements in place in respect of each of the Premises. You will give us notice as soon as possible where any changes are made to a Supply Point or the metering equipment or meter reading arrangements relating to such Supply Point or where there has been any damage to or interference with any metering equipment.

9.2 We may ask you to provide a meter reading before we start supplying your gas or electricity.

- 9.3 We have the right to use a different meter reading from the one you provide to us if we read the meter and obtain a different meter reading. If you disagree with a meter reading you must tell us within 6 months of receipt of an invoice based on that meter reading.
- 9.4 If for any reason whatsoever it is necessary to change the metering equipment or the meter reading arrangements during the term of this Agreement for all or any of the Premises (including, without limitation, where the metering equipment or meter reading arrangements do not comply with the requirements of the Acts or Industry Agreements or we are unable to calculate the Charges payable by you under this Agreement), we will be entitled to arrange for the installation, maintenance or replacement of the metering equipment and/or change the meter reading arrangements for such Premises.
- 9.5 If we incur any costs, expenses or charges in connection with the installation, maintenance or replacement of metering equipment or change to meter reading arrangements in terms of Term 9.4, you will pay to us within 14 days of demand the whole amount of such costs, charges and expenses.
- 9.6 We are not responsible for any faults in metering equipment that we do not own or provide to you.
- 9.7 If you or we believe that metering equipment is not accurately measuring the amount of electricity or gas supplied to any Premises and as a result, you or we are bound or entitled in terms of the Acts and the Industry Agreements for the accuracy of the metering equipment to be tested, then where we are bound to undertake such test or either of us requests such test to be undertaken, the metering equipment shall be tested in accordance with the Acts and the Industry Agreements as soon as practicable. If the metering equipment is found to be working within the limits of accuracy required by the Acts or the Industry Agreements, the cost of such inspection and testing will be borne by whoever disputed the accuracy of the metering equipment. If the metering equipment is not working within the limits of accuracy required by the Acts or the Industry Agreements, you shall be responsible for all costs incurred except where the Meter Operator has been appointed by us.
- 9.8 If you wilfully damage or interfere with metering equipment, or allow any person to do so, we shall be entitled to terminate any Fixed Term and Term 16.2 shall apply.
- 9.9 You will give us and the Agents full, free and safe rights of access to the Supply Points and the Premises at all times and on such notice as may be reasonable or required under the Acts (if any). If we are unable to gain full, free and safe rights of access to any Supply Point or Premises, we will give you written notice of that fact and if you do not remedy the situation within one month, we shall pass through to you any additional expenses, charges and costs incurred by us as a result.
- 9.10 You shall indemnify us against all liabilities, costs, expenses, damages and losses (including but not limited to any direct, indirect or consequential losses, loss of profit, loss of reputation and all interest, and legal costs (calculated on a full indemnity basis) and all other reasonable professional costs and expenses) suffered or incurred by us, our agents and contractors in connection with (i) your interference with electricity or gas metering equipment and (ii) the theft of electricity or gas at any Premises.

10 Access rights

- 10.1 You will allow us, our agents and contractors, the Agents, the operators of the local electricity and gas distribution networks and any of their agents and contractors full, free and safe rights of access to the Premises at all times:
- 10.1.1 if we believe it is necessary in order to disconnect or de-energise the supply of electricity and/or gas to the Premises to avoid danger to life and/or property or in any other case of emergency; and/or
- 10.1.2 for any purpose authorised or required in terms of the Acts, the Industry Agreements or this Agreement.
- 10.2 You shall indemnify us against all liabilities, costs, expenses, damages and losses (including but not limited to any direct, indirect or consequential losses, loss of profit, loss of reputation and all interest, penalties and legal costs (calculated on a full indemnity basis) and all other reasonable professional costs and expenses) suffered or incurred by us, the Agents, our agents and contractors, the operator of the local electricity and gas distribution networks and any of their agents and contractors arising out of or in connection with your failure to comply with the Terms 9.9 and 10.1.

11 Moving out of a site

- 11.1 You must provide us with at least 28 days' notice of your intention to move out of a site supplied by us and tell us:
- 11.1.1 the date you are leaving the site;
- 11.1.2 your new address and phone number; and/or

- 11.1.3 the name and address of the new owner or tenant.
- 11.2 On the date that you leave the site you must take a final meter reading, provide the meter reading to us and provide written proof of the new owner or tenant taking over the site (including but not limited to a new tenancy agreement or solicitors documents).
- 11.3 If you fail to comply with your obligations above at 11.1 and 11.2, we will continue to supply to the site and you will be responsible for all charges until:
- 11.3.1 you have adhered to the requirements for moving at 11.1 and 11.2; and/or
- 11.3.2 another owner or occupier takes over the site and we have accepted them as a customer, accepted their credit score and they have provided us with a meter reading which will be used as your final meter reading for the purposes of invoicing you.
